

As of 01/25/22

## **VIRTUAL BREAKOUT SESSIONS ON-DEMAND**

528th Hospital Center: Experience and Lessons Learned in Support of Operation Allies Welcome

5-year evaluation of a civil-military cooperation project at a German medical school: The curricular teaching module “Disaster and Deployment Medicine”

A Geospatial Mapping Intervention to Promote Diversity of Health Professions Trainees in the Veterans Health Administration

A Process for Standardization of Simulation Data Collection using the Joint Simulation Encounter Form (JSEF)

A Prosci Approach to Reinvigorating Our High Reliability Organization (HRO) Journey

A Review of COVID-19 Patients Who Developed Silent Hypoxia and Dysphagia

A Strategic Opportunity for the Defense Health Agency (DHA): A Registered Nurse Accelerated Training Program

A Winning Approach: Deploying an Electronic Health Record during a Pandemic

Academic Structures to Improve Diversity at America’s Medical School

Accelerate Your Mental Toughness for a Greater Patient Experience

Achieving the Triumvirate: Tying Patient Experience, Employee Experience, and Performance Outcomes Together

Active Duty Obesity Trends During COVID 19: An Enlarging Fighting Force

Acupuncture Protocol for the Treatment of Plantar Fasciosis

Adaptability in an Uncertain Environment: The Story of the National Institutes of Health, 6 Months, and 33,000 COVID Vaccine Doses

Addressing the Need for a National Health Equity Strategy Based on Lessons Learned in the Fight against COVID-19 Supported by Proprietary Blue Cross Blue Shield Research

Advancing Health Equity in the U.S. Military

Aeromedical Evacuation and En Route Care including technologies for automated casualty care and autonomous patient transport

An Examination of Leading Practices in Patient Experience from Military Treatment Facilities

An Exploration of the Advanced Combat Medical Experience (ACME) Teaching Assistant (TA) Curriculum's Impact on Students' Sense of Teaching Self-Efficacy

APAO's efforts in supporting AAPI community against racial discrimination, hate crimes, and mental health disparities

Army Recovery Care Program Functional Capacity Evaluations (FCEs) and Return to Work Programs

Army Senior Enlisted Panel Discussion: Army Medicine Enlisted Force of the Future  
Artificial Intelligence and Identifying Patient Data Mismatches

Artificial Intelligence in Prostate Cancer - Detection & Prediction of Clinical Outcomes

Assessment of Health, Mental Health and Sexual Behaviors Among Ebola Survivors

Battlefield Acupuncture Hybrid Training Pilot

Being Ready for the Next Fight in DoD Medicine

Beyond Education: Improved Force Health with the Integrated Behavioral Model  
Biologic Mediators

Bioprinting Education and Training for Life Science/Pre-Medical Cadets at the United States Military Academy

Blood Far Forward — a Readiness Call for Action

Bridging the Military-Civilian Divide. Educating providers caring for servicemembers, veterans, and their families: What you don't know can hurt them.

Building Capacity for the Future: Health Services Research in the MHS

Building mass vaccine plans using points of distribution principles in small and large communities.

Can ONE Medication Address the Unmet Needs in the Acute and Preventive Treatment of Migraine?

Caring for sexual assault survivors within the military healthcare system: Prevalence, demographics, and healthcare service providers

Clinical Disinfectant Selection: Challenges and Solutions

Clinical Power of the Electronic Dental Record

Coaching and Champions: A Grassroots Model for HRO Cultural Change

Collaborative Global Health Engagement Proves More Effective

Combating the Current Pandemic and Preparing for the Next: Lessons Learned from the COVID-19 Pandemic from the Perspective of Deployed Special Operations Forces

Comparing Military Trauma Surgeon Case Volume and Injury Severity Across a Military-Civilian Partnership in Las Vegas

Contractors on the Battlefield: A Blind Spot for the Joint Medical Enterprise

Course Modernization of In-Person Training to Online Learning in a Degraded Environment: Airmen Opinions and Outcomes

COVID-19 Vaccine Acceptance and Hesitancy among DoD Beneficiaries

Crossing the Data Rubicon to Understand Cost, Quality, and Health Outcomes for TRICARE Beneficiaries

Cultural Change: Motivational Interviewing and HRO Leadership Coaching for MCDs

Customer Service Impact of a Virtual Pharmacy

Daytime sleepiness in the daily work of German soldiers

Deliberate and hasty multi-lateral healthcare engagement supporting pandemic preparedness and response and the evacuation of Kabul

Dental emergencies from the endodontist perspective

Deploying Battlefield Acupuncture to CENTCOM Providers during a Global Pandemic using Virtual Teaching

Design and Application of a Health Behavioral Change (HBC) Roadmap

Designing for Zero: Leveraging Zero Suicide and VHA's High Reliability Journey to Prevent Veteran Suicide in Manchester, NH

Developing a High Reliability Organization Mindset- Experience of Frontline to Executive Level Staff at a Veterans Affairs Medical Center

Developing an integrated global virtual health network for the military

Developing Modular Micro and Macro Simulation Technology for Training Tactical Healthcare Personnel

Developing the nurse practitioner workforce to care for the veteran and military population

Development of Value-Based Health Care indicators supporting a standard outcome set for military patients in military operations: a Delphi study

DHA FY22-FY26 Campaign Plan

DHA CIP Award Welcome

(\*DHA-CIP Competition) Senior Aviator Medical Evaluations

(\*DHA-CIP Competition) Burn pit exposure is associated with increased sinonasal disease

(\*DHA-CIP Competition) Impact of the duration of non-invasive respiratory support in patients with severe COVID-19 requiring veno-venous extracorporeal membrane oxygenation

(\*DHA-CIP Competition) Persons Tested for SARS-CoV-2 at a Military Treatment Facility in Hawaii

(\*DHA-CIP Competition) Poor Early Neurologic Function and Survival after REBOA in a TBI Porcine Model

(\*DHA-CIP Young Research Competition) Prevalence of Hepatic Steatosis and Fibrosis in the US

(\*DHA-CIP Competition) Prevalence of M. tuberculosis From Military Health System and Veterans Affairs Beneficiaries in Hawaii and the Pacific Islands from 2002 to 2019

(\*DHA-CIP Competition) The Importance of Intraosseous (IO) Placement Location on Infusion Rates and Infusion Pressures in a High Bone Density Humerus and Sternum Cadaveric Swine (Sus Scrofa) Model
